## „FEIN e.V. Colloquium“

(For Members and Guests of FEIN e.V. – Cost-free)

**May 30th, 4 pm – 5:30 pm**  
**Mathieustraße 10, Aachen**  
**E.ON Energy Research Center- Rooms 00.23**

We are happy to invite you to a FEIN Colloquium on May 30th, 4 pm – 5:30 pm.

ACS Alumni Baptiste Feron will present solutions of GridX GmbH, answering the questions:

- What are the practical challenges to building up an EMS as a product?
- What makes GridX successful?
- What does a Ph.D. bring to this context?

The Colloquium will take place in the E.ON ERC main building, room 00.23.

About the speaker:

Baptiste Feron has a master's degree in Electromechanical Engineering and achieved his PhD at ACS in 2018. In the frame of his research, he worked mainly on

- Uncertainty analysis applied to optimization techniques
- Home Energy Management System optimization
- Forecasting approaches
- Residential flexibility as an ancillary services provider

He works at GridX GmbH for 3.5 years, as Head of Energy Management System and EMS Product Owner.

We are looking forward to this interesting event and meeting in person again. Due to the Coronavirus still being present, we are recommending wearing masks.

The presentation is in English and followed by a discussion and get-together.
